Castles S1F2

Next generation mobile terminal

Castles Technology's newly designed S1F2 next generation mobile terminal offers multifunctional capabilities and optimises the checkout process for your business.

It comes with several optional features including 4G LTE/3G, WLAN, Bluetooth, microphone, rear camera, barcode reader, and stylus.

The S1F2 is based on a secure Android platform and has an integrated contactless reader function with a 5.5" full touchscreen. The S1F2 is an extremely easy, safe and secure for merchants looking for a next generation payment terminal.

THE S1F2 COMES WITH A CHARGING CRADLE INCLUDED AT NO EXTRA COST

FEATURES

- 5.5" Colour Touch Screen
- Secure Android Platform
- Unprecedented Security and Certifications
- Incredibly Adaptable
- Exceptional Performance
- Rear Camera (Optional)
- Barcode Reader (Optional)

EASY TO SET UP:

The Paya Group Team will make sure your device is set up and ready to use straight out of the box, saving you time and ensuring you're ready to accept card payments right away. All you need to do is connect to Wi-Fi or 4G connection.
