- No cash means the Payter can be used in public areas without the risk of theft.
- The Payter doesn't need pairing with other devices to work, no logins required.
- The Payter has both LAN and SIM connection to ensure quick processing of transactions no matter where you are.
- The Payter has up to 8 hours of battery life and can be used all day. You can also charge the device overnight and connect to a power bank when needed.
