

FIXED DISPLAYS

Stand out from the crowd with a fully branded static colour display unit.

Fixed displays can be used on countertops or wall-mounted to conserve space in any fundraising environment. Whether in a charity shop, in a foyer or on a fundraising stall, a fixed display is adaptable for a wide scope of charitable circumstances.

Larger than a standard contactless donation box, these fixed units are eye-catching and sturdy. They can be fully custom branded to increase awareness of your organisation and encourage more impulse donations. Ideal for charities who want added presence as they fundraise.
